

## ► Electronic Questionnaire Screen Design Conception des écrans du questionnaire électronique

This screen design is provided for the following survey | Conception d'écran pour l'enquête suivante :

[Canadian Legal Problems Survey  
CLPS\\_Superblock0\\_PostProd\\_V2](#)

### Disclaimer

This screen design is based on assumptions and interpretations of information provided by clients. The design layout presented is based on our current approach of designing electronic questionnaires screen design. Some content has been altered to bring clarity and consistency throughout the questionnaire and to reflect the mode of collection of a self-administered questionnaire. Any content changes that we apply are merely suggestions and client always has the final decision regarding content.

### Désistement

Cette conception d'écran est basé sur des hypothèses et des interprétations d'informations fournies par les clients. La mise en page présentée est basée sur notre approche actuelle de la conception d'écran des questionnaires électroniques. Certains contenus a été modifié pour apporter de la clarté et de la cohérence dans le questionnaire ainsi que représenter le mode de collecte d'un questionnaire auto-administré. Toute modification de contenu que nous appliquons sont que des suggestions et le client a toujours la décision finale quant au contenu.

### What you need to know...

The user is able to update:

- Question text
- Answer text
- Cell identification numbers
- Bolding to emphasize text
- On-screen help instructions such as:
  - **Include / Exclude**
  - Definitions
  - Examples
  - Supplementary instructions

The user cannot change:

- The survey title
- The layout of questions and answers
- The question numbering
- The logic
- The help button placement
- Standardized text
- Standardized modules
- Standardized cell IDs
- The navigational buttons
- The order of lists in the French version of the screen design

**Note:** The order will be the same as in English screen design but once the electronic questionnaire is developed, lists will be re-ordered correctly in French.

### Ce que vous devez savoir ...

L'utilisateur peut ajouter ou mettre à jour :

- Texte de la question
- Texte de la réponse
- Numéro d'identification des cellules
- Du caractères gras afin d'accentuer le texte
- Des directives et de l'aide à l'écran, tels que:
  - **Inclure / Exclure**
  - Définitions
  - Exemples
  - Des instructions supplémentaires

L'utilisateur ne peut pas changer :

- Le titre de l'enquête
- La mise en page des questions et réponses
- La numérotation des questions
- La logique
- L'emplacement du bouton d'aide
- Le texte normalisé
- Les modules standardisés
- L'identifications des champs normalisées
- Les boutons de navigation
- L'ordre alphabétique des listes, c'est-à-dire que la liste en français doit être identique que celle en anglais

**Note :** L'ordre sera mis en ordre alphabétique lors de la phase du "rendering".

## ► Electronic Questionnaire Screen Design Conception des écrans du questionnaire électronique

This screen design is provided for the following survey | Conception d'écran pour l'enquête suivante :

[Canadian Legal Needs Survey  
CLPS\\_SP2\\_PostProd\\_V3\\_E](#)

### Disclaimer

This screen design is based on assumptions and interpretations of information provided by clients. The design layout presented is based on our current approach of designing electronic questionnaires screen design. Some content has been altered to bring clarity and consistency throughout the questionnaire and to reflect the mode of collection of a self-administered questionnaire. Any content changes that we apply are merely suggestions and client always has the final decision regarding content.

### Désistement

Cette conception d'écran est basé sur des hypothèses et des interprétations d'informations fournies par les clients. La mise en page présentée est basée sur notre approche actuelle de la conception d'écran des questionnaires électroniques. Certains contenus a été modifié pour apporter de la clarté et de la cohérence dans le questionnaire ainsi que représenter le mode de collecte d'un questionnaire auto-administré. Toute modification de contenu que nous appliquons sont que des suggestions et le client a toujours la décision finale quant au contenu.

### What you need to know...

The user is able to update:

- Question text
- Answer text
- Cell identification numbers
- Bolding to emphasize text
- On-screen help instructions such as:
  - **Include / Exclude**
  - Definitions
  - Examples
  - Supplementary instructions

The user cannot change:

- The survey title
- The layout of questions and answers
- The question numbering
- The logic
- The help button placement
- Standardized text
- Standardized modules
- Standardized cell IDs
- The navigational buttons
- The order of lists in the French version of the screen design

**Note:** The order will be the same as in English screen design but once the electronic questionnaire is developed, lists will be re-ordered correctly in French.

### Ce que vous devez savoir ...

L'utilisateur peut ajouter ou mettre à jour :

- Texte de la question
- Texte de la réponse
- Numéro d'identification des cellules
- Caractères gras afin d'accentuer le texte
- Directives et aide à l'écran, tels que:
  - **Inclure/Exclure**
  - Des définitions
  - Des exemples
  - Des instructions supplémentaires

L'utilisateur ne peut pas changer :

- Le titre de l'enquête
- La mise en page des questions et réponses
- La numérotation des questions
- La logique
- L'emplacement du bouton d'aide
- Le texte normalisé
- Les modules standardisés
- L'identifications des champs normalisées
- Les boutons de navigation
- L'ordre des listes de la conception d'écran en version française

**Note :** Dans la version française, l'ordre des listes sera identique à celui de la conception d'écran en version anglaise. Toutefois, dès que le questionnaire sera élaboré, les éléments de listes de la version française seront classés en ordre alphabétique.

## Assistance with problems

2. People may do a number of things to try to resolve problems. Which of the following did you do to resolve or try to resolve your problem with #\_\_DT\_SERIOUS\_PROBLEM\_E?

#\_\_DT\_HELP\_TEXT\_IMM\_AST1\_E  
Select all that apply.

➤ Did you:

- 1  Search the Internet  
AST\_Q10\_01
- 2  Contact the other party involved in the dispute  
AST\_Q10\_02
- 3  Obtain advice from friends or relatives  
AST\_Q10\_03
- 4  Contact a lawyer, paralegal or law student  
i.e., someone with legal training who is a member of a bar association or who is supervised by a member of a bar association. Includes a lawyer — private or legal aid, a notary (Quebec only), a law student, a student-at-law, a paralegal or community legal worker.  
AST\_Q10\_04
- 5  Contact a court or tribunal  
AST\_Q10\_05
- 6  Contact a community centre or community organization  
AST\_Q10\_06
- 7  Contact a federal, provincial, territorial or municipal government department or agency  
Exclude if the federal department or agency is the other party in the dispute.  
AST\_Q10\_07
- 8  Contact a labour union  
AST\_Q10\_08
- 9  Other  
AST\_Q10\_09

## ► Electronic Questionnaire Screen Design Conception des écrans du questionnaire électronique

This screen design is provided for the following survey | Conception d'écran pour l'enquête suivante :

[Canadian Legal Needs Survey  
CLPS\\_SP3\\_PostProd\\_V2\\_E](#)

### Disclaimer

This screen design is based on assumptions and interpretations of information provided by clients. The design layout presented is based on our current approach of designing electronic questionnaires screen design. Some content has been altered to bring clarity and consistency throughout the questionnaire and to reflect the mode of collection of a self-administered questionnaire. Any content changes that we apply are merely suggestions and client always has the final decision regarding content.

### Désistement

Cette conception d'écran est basé sur des hypothèses et des interprétations d'informations fournies par les clients. La mise en page présentée est basée sur notre approche actuelle de la conception d'écran des questionnaires électroniques. Certains contenus a été modifié pour apporter de la clarté et de la cohérence dans le questionnaire ainsi que représenter le mode de collecte d'un questionnaire auto-administré. Toute modification de contenu que nous appliquons sont que des suggestions et le client a toujours la décision finale quant au contenu.

### What you need to know...

The user is able to update:

- Question text
- Answer text
- Cell identification numbers
- Bolding to emphasize text
- On-screen help instructions such as:
  - **Include / Exclude**
  - Definitions
  - Examples
  - Supplementary instructions

The user cannot change:

- The survey title
- The layout of questions and answers
- The question numbering
- The logic
- The help button placement
- Standardized text
- Standardized modules
- Standardized cell IDs
- The navigational buttons
- The order of lists in the French version of the screen design

**Note:** The order will be the same as in English screen design but once the electronic questionnaire is developed, lists will be re-ordered correctly in French.

### Ce que vous devez savoir ...

L'utilisateur peut ajouter ou mettre à jour :

- Texte de la question
- Texte de la réponse
- Numéro d'identification des cellules
- Caractères gras afin d'accentuer le texte
- Directives et aide à l'écran, tels que:
  - **Inclure/Exclure**
  - Des définitions
  - Des exemples
  - Des instructions supplémentaires

L'utilisateur ne peut pas changer :

- Le titre de l'enquête
- La mise en page des questions et réponses
- La numérotation des questions
- La logique
- L'emplacement du bouton d'aide
- Le texte normalisé
- Les modules standardisés
- L'identifications des champs normalisées
- Les boutons de navigation
- L'ordre des listes de la conception d'écran en version française

**Note :** Dans la version française, l'ordre des listes sera identique à celui de la conception d'écran en version anglaise. Toutefois, dès que le questionnaire sera élaboré, les éléments de listes de la version française seront classés en ordre alphabétique.

## ► Electronic Questionnaire Screen Design Conception des écrans du questionnaire électronique

This screen design is provided for the following survey | Conception d'écran pour l'enquête suivante :

**Questionnaire Title**  
**CLPS\_SP4\_PostProd\_V2\_E**

### Disclaimer

This screen design is based on assumptions and interpretations of information provided by clients. The design layout presented is based on our current approach of designing electronic questionnaires screen design. Some content has been altered to bring clarity and consistency throughout the questionnaire and to reflect the mode of collection of a self-administered questionnaire. Any content changes that we apply are merely suggestions and client always has the final decision regarding content.

### Désistement

Cette conception d'écran est basé sur des hypothèses et des interprétations d'informations fournies par les clients. La mise en page présentée est basée sur notre approche actuelle de la conception d'écran des questionnaires électroniques. Certains contenus a été modifié pour apporter de la clarté et de la cohérence dans le questionnaire ainsi que représenter le mode de collecte d'un questionnaire auto-administré. Toute modification de contenu que nous appliquons sont que des suggestions et le client a toujours la décision finale quant au contenu.

### What you need to know...

The user is able to update:

- Question text
- Answer text
- Cell identification numbers
- Bolding to emphasize text
- On-screen help instructions such as:
  - **Include / Exclude**
  - Definitions
  - Examples
  - Supplementary instructions

The user cannot change:

- The survey title
- The layout of questions and answers
- The question numbering
- The logic
- The help button placement
- Standardized text
- Standardized modules
- Standardized cell IDs
- The navigational buttons
- The order of lists in the French version of the screen design

**Note:** The order will be the same as in English screen design but once the electronic questionnaire is developed, lists will be re-ordered correctly in French.

### Ce que vous devez savoir ...

L'utilisateur peut ajouter ou mettre à jour :

- Texte de la question
- Texte de la réponse
- Numéro d'identification des cellules
- Caractères gras afin d'accentuer le texte
- Directives et aide à l'écran, tels que:
  - **Inclure/Exclure**
  - Des définitions
  - Des exemples
  - Des instructions supplémentaires

L'utilisateur ne peut pas changer :

- Le titre de l'enquête
- La mise en page des questions et réponses
- La numérotation des questions
- La logique
- L'emplacement du bouton d'aide
- Le texte normalisé
- Les modules standardisés
- L'identifications des champs normalisées
- Les boutons de navigation
- L'ordre des listes de la conception d'écran en version française

**Note :** Dans la version française, l'ordre des listes sera identique à celui de la conception d'écran en version anglaise. Toutefois, dès que le questionnaire sera élaboré, les éléments de listes de la version française seront classés en ordre alphabétique.
